4. SUPPLEMENTARY REGULATIONS – SPRINTS

FOREWORD

It only seems only a short while since I was writing the foreword to the regulations for Longton & District Motor Club's competition season 2024 and yet here we are preparing for what promises to be another exciting season of motor sport.

LDMC's 2025 season offers drivers a super selection of sprints and hillclimbs at some of the most popular venues in the UK. Our competition season begins in early April with two days of action at the hugely popular Anglesey circuit. The Doran Moore Memorial Sprints run on the national circuit on Saturday while Sunday's event takes place on the international circuit.

In 2024 LDMC took over the running of the Manx Classic Hillclimb and as in 2024 the club will be hosting three action packed days of hillclimbing on three closed road courses on the Isle of Man, (see separate regulations.)

Hot on the heels of the Manx Classic, LDMC switch their attention to Blyton Park Driving centre in Lincolnshire for two days of sprinting at the extremely popular venue. Saturday's event will be on the Eastern circuit then on Sunday we change over to the challenging Sprint circuit.

In the summer months, LDMC will be promoting three single day events, in June, July and September at Three Sisters Circuit in Wigan. Our season closes with the final event when we return to Anglesey for the Margaret Malcolm Memorial Sprint Weekend.

So there you have it, a varied and exciting season of competition on offer with plenty of variety. At LDMC we look forward to meetings friends old and new and we invite clubs and championships to join us at our events.

Wishing you all a successful and enjoyable season in 2025.

Chris Winstanley. Chairman LDMC

What are the Expectations of Participants?

Recognise that **we all represent the sport** and therefore **have a duty to be polite and respectful to all** competitors, staff, officials, volunteers, as well as fans and supporters.

Always **behave with Integrity** and **uphold fairness** in the sport; **play your part** in keeping the sport safe through your actions.

- Encourage a positive environment both on and off track for all
- Welcome and encourage new participants
- Treat everyone with respect regardless of their gender, ethnic or socio-economic status, language, religious or other beliefs, disability, sexual identity, or other status
- Do not use any sexist, racist, homophobic, transphobic, or ableist language or any slurs which may offend minority communities
- Be mindful that 'banter' can be hurtful to the subject of your comment
- If you find yourself in a situation that has the potential to be volatile walk away. Think of the impact of negative behaviour on our young competitors and those in the surrounding area
- Be mindful of your social media activity. Discrimination through social media will be taken as evidence for formal action
- Public criticism of the Event, the Organiser, Official decisions, or the Officials themselves is detrimental to the sport and motorsport in general
- The Code is all encompassing for everyone!

Motorsport UK will not hesitate to start a formal investigation into anyone not following the Race with Respect code which could result in suspension or being banned from Motorsport UK events!

Positive Enforcement

We are all **collectively responsible** for setting a good example and to help **provide a positive and welcoming environment** for all participants regardless of their sex or gender identity, ethnic or social background, language, religious or other belief, disability, sexuality, or other status. We need to **encourage and champion respectful behaviour**.

Support the Community

If you witness behaviour less than that expected and if you are comfortable doing so in a non-confrontational respectful manner, **'Call It Out'** and alert the Individual that their behaviour may be upsetting to those around them.

Parents, Guardians and Team Managers also have a key role to promote a positive environment

- Encourage participants to behave with integrity and uphold fairness in the sport
- Promote a welcoming environment within the paddock
- Be respectful to officials and fellow participants. Remember that the way you interact with other participants and officials at the event will be seen as the expected and acceptable behaviour by your team members
- Be a role model, understand how young people will look to you to understand how to behave
- Consider that the driver changing areas for example need to be out of view of others (even your own team personnel)
- Be respectful to all team personnel
